

The Polytechnic Institute of Leiria (IPLEiria), through its Instituto de Investigação, Desenvolvimento e Estudos Avançados (INDEA) and the Marine and Environmental Sciences Centre (MARE-IPLEiria), co-funded by Centro 2020 program, Portugal 2020, European Union, through the European Regional Development Fund, is accepting applications for a Science and Technology Management Grant in the following terms

Project title: Integrated Programme of SR&TD “SmartBioR - Smart Valorization of Endogenous Marine Biological Resources Under a Changing Climate” (reference Centro-01-0145-FEDER-000018)

Project coordinator (IPLEiria): Marco Filipe Loureiro Lemos

Grant coordinator: Marco Filipe Loureiro Lemos and Susana Luísa da Custódia Machado Mendes

Grant scientific area: Science and Technology Management

Grant Type: Science and Technology Management Grant (BGCT)

Grant objectives: Daily management of SmartBioR project, securing its milestones, deliverables and reports; contribute for outreach activities and project internal and external communication; support in MARE-IPLEiria science management and communication; and explore and apply for funding opportunities;

Grant duration: 12 months, eventually renewable until the end of the project, with expected start on November 2017 (up to 36 months).

Recipients: Holder of a doctoral degree in Biological Sciences, Marine Sciences, Food Sciences or Science and Technology Management

Desired profile: We look for a candidate with experience in science and technology management, preferably with proven working knowledge of European and national research structures, funding programmes and project proposals submission and management. Experience in dissemination and science communication, website management, and project calls application and knowledge will be highly considered. Portuguese language native level and excellent domain of the English language skills are mandatory. A recent doctoral degree will be preferred, and a strong motivation, autonomy and teamwork spirit soft skills are also regarded.

Work place: CETEMARES building (Peniche, Portugal) and the School of Tourism and Maritime Technology (ESTM-Leiria).

Financing entity: Co-funded by Centro 2020 program, Portugal 2020, European Union, through the European Regional Development Fund.

Grant financial components: Monthly maintenance allowance of €1495,00 per the Research Grants Regulations from FCT, I. P. (www.fct.pt/apoios/bolsas/valores) and the Scientific Research Grants regulations from IPEiria.

Periodicity: Monthly.

Payment method: Check or bank transfer.

Activity mode: Exclusivity, according to the applicable legislation.

Applications evaluation: The applications evaluation is based on the curriculum and motivation analysis and eventual interview, according to the desired profile and the evaluation criteria.

Evaluation criteria: CV evaluation (CV) followed by an interview (INT) of the selected candidates, with the final score (FS) being set as $FS = CV \cdot 0,7 + INT \cdot 0,43$. A minimum score in the CV evaluation criteria is set (corresponding to 50% of the total possible score) to be eligible for the interview. The evaluation and ranking criteria are part of the minute created by the jury, which can be consulted upon request by the interested parties.

Jury: The jury in charge of the applications evaluation is constituted by Doctors: Susana Luísa da Custódia Machado Mendes (president), Marco Filipe Loureiro Lemos and Roberto Carlos Marçal Gamboa (effective members); Sónia Margarida dos Santos Gonçalves Pereira and Maria Manuel Gil de Figueiredo Leitão Silva (substitute members).

Grant renewal: According to the 19th article from the Scientific Research Grants regulations from IPEiria.

Applications deadline:
